

Money and abundance come to me effortlessly

Money and abundance are naturally a part of my life. I allow them to flow to me effortlessly. I expect abundance and attract it to me.

I focus on abundance and receive abundance.

Focusing on lack only creates more lack.

I am a grateful person and practice gratitude daily. When I feel gratitude, I attract abundance.

Prosperity is a way of life for me. My earnings increase each year. I enjoy more income today than I have ever enjoyed in the past. I am free from financial concerns and worries.

The universe provides whatever I need. It might be money, friendship, love, or humor. Whatever I require is provided when I need it. **My life is full of love, happiness, and all the material things I require each day.**

I expect good things to happen and I am rarely surprised. Abundance is within me and around me. I enjoy the good things that come into my life.

I let go of all resistance to receiving money and abundance. These things come to me naturally when I am free of resistance.

Today, I permit the flow of life to bring good things to me. I am open to receiving abundance into my life. I allow the process to be effortless and enjoyable.
